Used in Connections with hard materials such as concrete, brick, plaster etc.

General Fixings

General Fixing for hardwood, solid and hollow bricks or concrete

Features

SS / M.S / Brass Screws used with Pro-tech Wall Plugs offer full corrosion resistance.

High expansion capabilities insures strong fixings in a variety of materials. Each wall plug will accept a wide range of screw sizes.

DURABILITY

Pro-tech Wall Plug body temperatures resistance up to +80°C in service. Installation temperature -10°C to 50°C
